RELEVANT EXPERIENCE

UMRF Ventures, Memphis, TN
Software Technical Support Agent

November 2022 – July 2023

- Consistently recognized as a Weekly A-List Agent with consistent placement in the Top 3 Resolution Units (RUs) every week, demonstrating exceptional problem-solving skills and commitment to high-quality customer service.
- Troubleshooted users issues using available resources such as VDI, AD Admin, IMAGE, PDSM, etc.
- Delivered high-quality customer service by efficiently handling 3-4 calls per hour, ensuring prompt resolution and customer satisfaction in a fast-paced technical support environment.

PROJECTS

Custom Gaming PC Build

Summer 2019

Project Overview: Built and configured a custom high-performance gaming PC to strengthen hardware and systems knowledge.

- Selected and integrated CPU, GPU, memory, storage, and cooling systems for optimal performance.
- Installed and configured Windows OS, drivers, and BIOS updates, ensuring AAAstability and compatibility.
- Applied troubleshooting and diagnostic skills to resolve hardware/software conflicts and optimize system performance.

Academic's List

Spring 2024

Project Overview: Academic's List is a Django-based web app that helps academic users discover local businesses and share reviews, simplifying recommendations for those new to town.

- Collaborated with a team to create a platform that empowers academic users to easily find and engage with local businesses.
- Built a Django-based review and recommendation system that enabled community insights and personalized business suggestion

Mortal Kombat 1 Beginner Hub

Summer 2025

Project Overview: Mortal Kombat 1 Beginner Hub is a fan-made web app that recreates the game's interface and provides guides and tutorials to help new players learn fundamentals

- Developed a responsive web app replicating MK1's character select, Kameo system, and tutorials using HTML5, CSS3, Flexbox, and Grid
- Showcased strong problem-solving, attention to detail, and design skills by faithfully replicating game-inspired aesthetics while ensuring usability.
